Rotarian Malaria Partners ("RMP")

Small Grant Proposal Instructions

The Rotarian Malaria Partners Small Grant Program is designed to provide up to $5,000 to anti-malaria projects for one year or to augment existing funding committed to them. The requirements in a project proposal for the award of an RMP Small Grant of up to $5,000 are the following:

1. Addresses malaria control/elimination through one or more actions;
2. Has the sponsorship of a host country Rotary Club;
3. Includes a meaningful level of committed funding from the host country Rotary Club;
4. Presents evidence of previous Rotary project experience;
5. The host country Rotary Club evidences sufficiently that it is in good standing with Rotary International;
6. Provides for sustainability of project impacts;
7. Specifies the number of direct beneficiaries of the project and impact of the proposed project on them;
8. Includes measurable objectives to be achieved;
9. Provides adequate budgetary detail of all sources and uses of project income, including “in kind” contributions;
10. Lists all financial and operating partners
11. Includes commitment letters from implementing partners describing their respective roles
12. Describes how RMP will receive acknowledgment of its project support;
13. Describes involvement of host Rotary Club members;
14. Agree to Memorandum of Understanding among all Partners

RMP small grant reviewers will attach additional positive consideration for requests presented to it that have multiple committed Rotary Club, District, and/or Rotary International funding partners.
